Rating Forming Part of an Engineering Watch

Engine rating, STCW Regulation III/4

Duration	10 weeks
Fee	Ksh 45,000
Certificate	KMA-approved certificate, Rating Forming Part of an Engineering Watch
Entry	12 months sea service
Next intake	Enrolling now. Call admissions to confirm the next start date.

Course overview

This course qualifies experienced engine-room crew to serve as a rating forming part of an engineering watch in a manned engine room, meeting STCW Regulation III/4 and Table A-III/4.

It covers the routine of an engine-room watch, safe operation of machinery, the terms and orders used by engineers, and the emergency procedures every engine rating must know.

Holders can sign on as engine ratings on merchant ships, and the certificate is the step towards Able Seafarer Engine and engineering officer training.

Syllabus outline

1. Carry out a watch routine appropriate to the duties of an engine-room watch	Watch handover, machinery checks, recording and reporting.
2. Understand orders and be understood in matters relevant to watchkeeping	Engine-room terms and communication with the engineer officer.
3. Maintain correct water levels and steam pressures (boiler watch)	Safe operation of boilers and associated equipment.
4. Operate emergency equipment and apply emergency procedures	Emergency duties, alarms, and fire and flooding response in machinery spaces.

Entry requirements

- KCPE or KCSE certificate
- At least 12 months of approved sea service on vessels of 500 GRT or more
- STCW basic training certificates
- Valid seafarer medical certificate

Not sure your sea time counts? Send your discharge book or sea-service testimonial to admissions and we will check it before you apply.

Rating Forming Part of an Engineering Watch

Engine rating, STCW Regulation III/4

Assessment and certification

- Continuous assessment in classroom and workshop sessions.
- Examination administered by the centre in conjunction with the Kenya Maritime Authority.
- Successful candidates receive a KMA-approved certificate.

Career outcomes

- Engine rating on merchant ships
- Cruise and passenger vessels
- Lake Victoria ferries and cargo ships
- Shipyards and marine workshops
- Progression to Able Seafarer Engine
